Dear Bob:

Enclosed is a Highlight Reel we created from footage shot during the MPTF 80<sup>th</sup> Anniversary event last fall, as well as a copy of the print piece we sent out following the event.

Each are a wonderful reminder of just how special the evening was, and I am again aware of how lucky we were to have your artistic vision and support throughout this ever-changing event.

Thank you again for helping the Motion Picture and Television Fund raise over four million dollars and look forward to your support in the future.

Sincerely,

**Ken Scherer**
